

Bridon-Bekaert Ropes Group Environmental, Health and Safety Policy

Bridon-Bekaert Rope Group designs, manufactures and supplies steel wire, wire strand ropes, fibre ropes and advanced cords at several locations worldwide. All facilities and activities fall within the scope of this policy statement. We are on the journey to a zero incidence level throughout the business.

The core of our policy is the implementation of an interdependent safety culture of mental and physical health, while maintaining the highest safety and health standards. We live a culture of preservation of the environment, promoting the rational use of energy and natural resources, and the avoidance of releases to the environment.

BRIDON-BEKAERT ROPES GROUP IS COMMITTED TO:

- Evaluating all aspects of business to continuously improve on Environmental, Health, and Safety risks.
- Benchmarking out practices with those recognized as the best performers so we can learn and improve.
- Implementing management systems and procedures to pro-actively monitor and assure compliance with all applicable laws and regulations, including our internal standards.
- Operating globally in accordance with International Standards.
- Encouraging all our employees to live in a safe and healthy way and behave with respect for the environment at work, at home and in their community.
- Ensuring all people within Bridon-Bekaert Ropes Group are trained and are able to comply with this policy.

It is the responsibility of management to set the foundation for objectives and targets. It is also the responsibility of management to live and share the EHS vision and policy and to ensure it is known, understood, and complied with by everyone within our business. All employees, contractors, subcontractors, and visitors are required to comply with this policy, as a condition for employment, contracts, or access to our facilities.

We believe that only people, working in a sustainable, healthy, and safe work environment, can achieve personal and team targets.
